Careers Information, Advice and Guidance

Careers Interview request. Ms Kadem, Head of Careers & Work Related Learning.

Why would I want a Careers Interview?

I'm not sure which career path to follow...
Do I stay on at Sixth Form...
What subjects should I take...
What College is best for me...
I have an Apprenticeship opportunity, I need more advice...
I need more help with my application forms...
CV and Cover Letter support...
Higher Education, what's best for me...
University support...
Individual Careers Guidance...

If you are a student at Shenfield High School then you are entitled to a Careers Interview whenever you feel you need one. Request your Careers Interview through your form tutor, with a staff member in the Careers Office C53

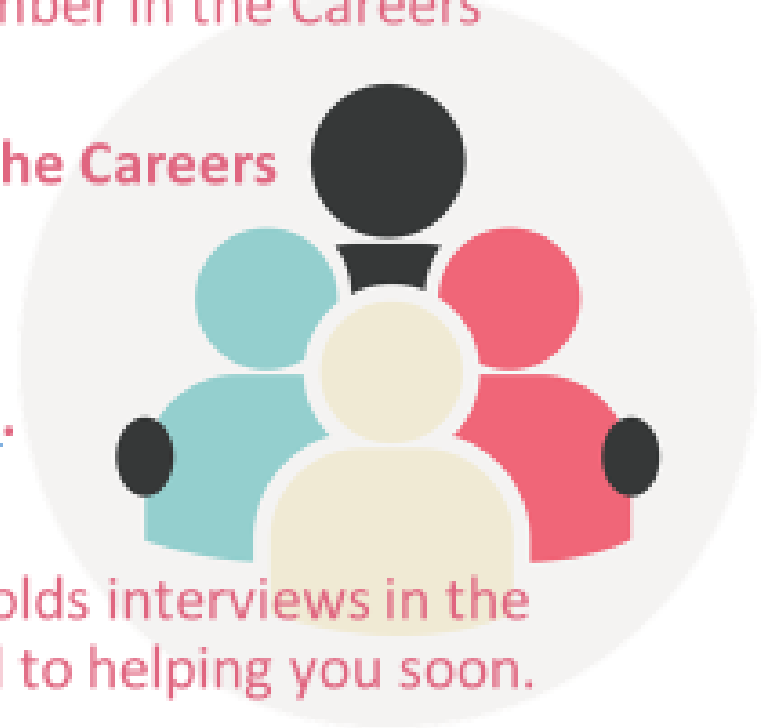

or during school closure, email the **Careers Administrator**

TUESDAY 21ST NOVEMBER | 5PM - 6PM

Y11 Have you ever wondered what goes on behind the scenes at some of the UK Governments most highly secured agencies? We are so excited to announce a brand-new partnership with one of the highest profiles / top secret defence agencies in the United Kingdom, Atomic Weapons Establishment, AWE!

AWE are a high security organisation that are part of the United Kingdom's Ministry of Defence. The Ministry of Defence protect people, territories, values, and interests at home and overseas. Through their strong-armed forces and in partnership with allies, AWE help ensure the nation's security, support our national interests, and safeguard the UK's prosperity. Working for the government / civil service is a highly rewarding career which is why they are ranked among one of the best sectors for school leaver to work in.

AWE are working on some of the most top-secret missions, building nuclear warheads that sit on submarines and war ships all helping to keep the country safe using some of the best technology and systems in the world. And what's more incredible is that you as a school leaver can join them straight from school on one of their student programmes.

On Tuesday 21st November, between 5pm - 6pm, we will be hosting an Insight Evening with AWE virtually. This will allow you to learn a lot more about the organisation as well as the defence industry, and you will have the opportunity to take part in a hands-on top-secret workshop. AWE will also be launching some brand new apprenticeships, so if you have an interest in working for the government and would like a future career in this sector then this will be ideal for you.

Only two Live work experience sessions remain before the UCAS January deadline for all Allied Healthcare university courses. These universities mandate work experience in a caring or service role within health or related fields, including direct observation of healthcare. Acquiring such work experience can be challenging, and there are areas that students may be interested in but cannot explore. That's why our LIVE Virtual Work Experience presents an incredible opportunity for students. Find out more here: <https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

The upcoming NHS Virtual Work Experience Programme on Sunday 3rd December, offers a perfect opportunity for students to engage with AHP professionals, gain in-depth insights, experience a patient's journey from health concern to recovery, and receive a work experience certificate that is invaluable for their UCAS application. Those that complete the full 6-month programme will also be awarded Highly Commended References!

This programme is suitable for students in year groups 10/S3/NI11- Year 13/S6/NI14 who are interested in the following careers:

- Nursing Midwifery Paramedicine Physiotherapy Occupational Therapy Dietetics
- Radiography Prosthetics and Orthotics Speech and Language Therapy Pharmacy

As the UCAS deadline for NHS Health Careers is in January, the sooner students begin work experience, the better. I kindly request your assistance in sharing these details with your students.

Students can register using the link <https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

Once they've registered, students will be emailed links to their virtual work experience portals. Please ask students to check their spam folders and mark their attendance on the day in order to receive their Work Experience Certificates.

During the work experience day, students will follow 2 patients from their initial presentation to recovery. They will gain a unique insight into how patients interact with a variety of healthcare professionals and what it's like to work in an NHS multidisciplinary team. Attendees will have the opportunity to interact with healthcare professionals throughout each day. This will empower students to make an informed career decision and demonstrate their commitment to healthcare in their UCAS applications. Students can register individually at any time throughout the 6-month programme using the link below. We recommend booking early to gain as much out of this programme as possible. Places are £10 a session to cover administrative and technological costs.

Please forward these details to your interested students so they can participate in the monthly virtual work experience days:

We're hosting a few courses created by **NHS doctors for students interested in careers in medicine.**

It would be great if you could let your students in years 10-13 know about the courses.

1) We're lucky to announce that on Saturday the 16th December we've been given permission again for students to enter the dissection room at a hospital in London (students must be aged 14-18) where they will be tutored in brain anatomy and biology using medically donated cadavers. A unique and very special work experience day for all students applying to medicine, students can see [all the details available here](#). Students are already attending from all over the UK and Europe so we'd encourage interested students to confirm places on this one as soon as they can.

2) Our second course is an online day, Emergency Medicine Live on Saturday 18th November. You can expect to learn about the treatment and management of major trauma and medical emergencies. With insights into pre-hospital and emergency medicine. [Students can see more information here](#).

3) Our third course is Surgery Work xperience Live taking place on Saturday 9th December 2023. This interactive day is designed to give students a meaningful insight into careers in medicine and surgery. Students join a patient on their journey from initial presentation to diagnosis and treatment. The doctors will guide you through how they would conduct a surgical consultation, interpret signs and manage patients. [All the details available here](#).

4) Our final upcoming course, completely free of charge is Medical Ethics Live, on Saturday the 13th January 2024 at 2.00pm. We've 500 free places on this course which will probably go pretty quickly, to attend the course, [students just need to register here](#).

All courses have been created by NHS doctors and provide outstanding work experience for you to use in your applications to medicine. If you can, we'd love to see you there.

Discover your potential

Deloitte

Each of our programmes has been designed to help you to kickstart your career, develop your skills and start making an impact. Find out more about the path that could be right for you.

At Deloitte, Deloitte's early careers programmes are designed to help young people reach their potential and discover what matters to them. They don't need to have it all figured out yet; that's what they're here for.

But by kick-starting their careers as part of Deloitte's global community of experts, they can experience the support they need to develop their skills and start making an impact from day one.

Deloitte's BrightStart Apprenticeship – An apprenticeship with Deloitte offers the chance to leap into the world of professional services.

Participants can earn and learn, gain professional and degree level qualifications, and help solve some of Deloitte's clients' most complex problems, right from the start. From Audit & Assurance to Consulting, Tax Consulting to Technology, they're delivering end-to-end programmes – turning complex challenges into opportunity and redesigning a more connected future. Deloitte have exciting opportunities available across various locations in the UK. Places are filling up fast – anyone interested should visit Deloitte's careers site and apply now.

They offer a range of early careers programmes to suit a diverse range of candidates: Deloitte's apprenticeships mean young people can bypass university and earn as they learn, gaining degree-level and professional qualifications as well as on-the-job experience. Deloitte's graduate programmes are more than just a training scheme; they provide graduates with the opportunity to work on challenging client projects right from the start and carve out a career in their global organisation.

The Parent Perspective Podcast episode 9 - the final episode in the series - is now LIVE!

In the final episode of this series we're talking about the green agenda and how apprenticeships – particularly in the trade and engineering sectors – can help us hit our targets and live a little more sustainably.

Rachel's guest this week is Santina Bunting, a Level 3 **Civil Engineering apprentice** in the Geotechnics team at ARUP

Santina discusses her journey into an **apprenticeship at 16**, what it was like to leave school at a young age and go to work whilst her friends were in sixth form, **how she found the apprenticeship** with support from her Mum, what the **benefits** have been and what her **advice to others** would be. Santina also discusses her future plans to progress into a **degree apprenticeship in engineering** and what it's been like as a young woman in the sector.

A BRAND-NEW FILM TO CELEBRATE 100 YEARS OF ARMY APPRENTICESHIPS

This month, the nation's number 1 apprenticeship employer - the British Army, is celebrating 100 years of offering apprenticeships!

To mark this special occasion, we went along to the Army Foundation College (AFC) in Harrogate and met some incredible Junior Soldiers to find out what life is like at the college and the opportunities available.

AFC Harrogate supports 16 and 17 year olds in learning military skills, fitness and education (including English and Maths) so they're ready for an apprenticeship and successful career in whichever part of the Army suits them best - all whilst earning a good wage and making friends for life.

[For young people interested in applying \(and those supporting them\)](#)

Join our webinar on [7th November at 4pm](#) to find out more about AFC Harrogate and how the college helps 16 – 17 year olds prepare for a career in The British Army.

You'll hear from current/past apprentices on their experiences of Army Foundation College Harrogate and how it has impacted and inspired their career so far.

As you may know, the next open evening for the year at our Seevic Campus is rapidly approaching us next Thursday.

These events are historically very busy and we have once again had exceptional demand for tickets. We have now released additional tickets that are available to book at the below link or directly from our website www.uspcollege.ac.uk

[Book Tickets – USP College Seevic Open Evening – USP College, Thu 23 Nov 2023 5:20 PM - 8:00 PM \(tickettailor.com\)](http://www.uspcollege.ac.uk/tickettailor.com)

Booking is mandatory for our Seevic Campus due to the high demand and effect on local traffic.

I would also like to take this opportunity to introduce yourselves and your students to our XTEND Digital campus. This campus, located in Canvey has state of the art facilities and our offering there ranges from Foundation Learning through 16-18 Learning and includes our Higher Educational Offer. We are hosting an Open Evening at XTEND on December 7 and encourage you to share the booking link with students, staff and your peers, who may wish to continue their educational journey.

Your life. Your career

We are very excited about our upcoming Open Day on the 18th of November from 10am to 2pm, which is occurring at all 8 of our campuses on the same day. This is a great opportunity for your students to come have a look at our facilities and speak to our teaching and curriculum staff about their options and choices.

Details and booking can be found through this link: <https://www.ncclondon.ac.uk/open-events/>

We would greatly appreciate it if you could share this event with your Grade 11 groups and beyond.

We hope to see a large turnout, and look forward to meeting our future students!

Warm Regards,

Schools and Careers Team

College and University Open Days

Our Open Days and Webinar dates for this term are right around the corner, so remember to remind students to book their place.

Our College Open Days operate on a carousel basis, allowing students to come and explore a selection of courses that they'd like to discover more about. Members of the support teams are available on the day to help students and their parents learn more about all the different aspects of college life that take place outside of the classroom too. Our next open day dates are Saturday 14th October and Saturday 25th November. To find out more or to book onto a day, click [here](#).

University Open Days focus on our post-18 courses, giving students the opportunity to come and explore one choice in more detail. Students will also have the chance to meet current students and other departments such as the careers advisory service, students' union and accommodation, who will provide insight into life at Writtle. Our next open dates are Wednesday 25th October and Saturday 2nd December. Students can book onto the date of their choice [here](#).

Explore your education and training choices

Whether you know where you're heading or not, knowing about the different routes open to you is a great place to start.

Get the Jump' brings together all education and training choices for young people to help them decide their next step when they reach 16 and 18. It signposts to new simplified information about all their options on the National Careers Service website.
