This is a reminder that the next NHS Allied Healthcare Work Experience session is on Sunday 2nd April.

The session is suitable for students in all year groups considering a year in healthcare. We encourage any interested students to register before Thursday at 5pm when we close registrations.

Registration Link: <https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>.

During the work experience day, students will follow 2 patients from their initial presentation to recovery. They will gain a unique insight into how patients interact with a variety of healthcare professionals and what it's like to work in an NHS multidisciplinary team. This includes:

- Nursing, Midwifery, Paramedicine, Physiotherapy
- Occupational Therapy, Dietetics, Radiography, Prosthetics and Orthotics, Speech and Language Therapy , Pharmacy

Attendees will have the opportunity to interact with healthcare professionals throughout each day. This will empower students to make informed career decisions and demonstrate their commitment to healthcare in their UCAS applications.

Once they've registered, students will be emailed links to their virtual work experience portals.

Students are awarded a Work Experience Certificate for every session they complete. Those who complete the full 5-month programme will be awarded a Highly Commended Reference from the Presidents of Allied Healthcare Mentor. These are fantastic additions to their CVs!

Students can register individually at any time throughout the 5-month programme using the link below. We recommend booking early to gain as much out of this programme as possible. Places are £10 a session to cover administrative and technological costs.

Not just a degree : we launch new designers

At Prof. Jimmy Choo's new Academy we are actively seeking to find the best new designers and support them through our degree and incubation programmes. Where else helps you to establish your brand, design and make your collection, and then launch you as a professional designer.

BA (Hons) Fashion: Design & Accessories On our degree programme you will be immersed in our startup design incubator where we will professionally develop you as a design entrepreneur so you graduate as a professional designer with a business alongside your qualification. Don't just build a career; build a legacy and claim your place in fashion history.

We know it can be challenging for schools and colleges to meet the Gatsby Benchmarks but we're here to help! Our latest issue of Careermag for Parents is here to help parents, carers and guardians to support their young people along the way!

This issue sponsored by NOCN and supported by PiXL, Get the Jump and many more covers lots of tips for post 16 and 18 options, the UCAS application key dates, talking careers with your children and much more!

<https://careermag.co.uk/careermag-parents-carers-guardians>

Issue 6 of our careers magazine, Make the Future Yours! is now available.

In this issue we look at Access to HE Courses, Environmentally Conscious Construction and Marketing careers.

It also includes case studies on what it's like being a Engineering Apprentice, Lab Technician Apprentice and having a Career in the Landscape.

It can be viewed for free at www.makethefutureyours.uk/latest-issue along with our previous issues.

Please share this link to the magazine to your students, their parents and any other teachers who may have an interest in these resources.

Multiply Maths Skills for Life | New City College
(ncclondon.ac.uk)

Multiply: Maths Skills for Life

New City College have launched a range of FREE maths courses. These courses are designed to help adults improve their confidence with numbers and brush up their maths skills for work and everyday life. Good number skills help in everyday life, such as helping children with their home-learning and budgeting money. They also unlock job opportunities that lead to higher wages or prepare you for further study.

On the Supporting Home-learning pathway, you will develop your confidence with everything from algebra to fractions. You will learn the current methods used in schools and the math curriculum from Year 1 to Year 11. This pathway will allow you to build a better understanding of your family's education, build stronger foundations for helping with homework and boost your numeracy skills and confidence.

Choose from three main pathways:

- Supporting Home-learning
- Upskilling for Promotion
- Managing Money

Course length:

- Each course is 15 hours in total
- Study for three hours each week, over five weeks
- Options for intensive courses are also available.

Who is it suitable for?

- These courses are suitable for both beginners and those who want to build on the foundations of their maths knowledge.

Eligibility:

- Adults aged 19+
- Do not already have a GCSE at grade C (or equivalent) in maths
- Must have a London postcode
