

Careers Information, Advice and Guidance

Careers Interview request. Ms Kadem, Head of Careers & Work Related Learning.

Why would I want a Careers Interview?

I'm not sure which career path to follow...
Do I stay on at Sixth Form...
What subjects should I take...
What College is best for me...
I have an Apprenticeship opportunity, I need more advice...
I need more help with my application forms...
CV and Cover Letter support...
Higher Education, what's best for me...
University support...
Individual Careers Guidance...

If you are a student at Shenfield High School then you are entitled to a Careers Interview whenever you feel you need one. Request your Careers Interview through your form tutor, with a staff member in the Careers Office C53

or during school closure, email the **Careers Administrator**

Mrs Utton on:

Please email l.utton@shenfield.essex.sch.uk the names of your students that are interested in this.

Many thanks, Mrs Utton

Shenfield High School's Careers Advisor Emma Doman, would like to know... if she were to run a Post18 Options, Higher and Degree Level Apprenticeships and Job Searches Workshop, would you be interested? It would last one hour.

This is something that could be arranged for November / early December giving students guidance and clarity about their post-18 options.

Once I have names and numbers, I can work on the information and arrange for Year 13 only.

There are new dates for career and work experience sessions for your students taking place online over the next couple of months.

The days are designed to give students an insight into possible future careers with advice on how to apply to university followed by an afternoon session of work experience to help them see what the career may be like. Students will receive a certificate confirming their work experience.

If you could let your students know who are aged 13-18, students can register to join the online days through [the website](#).

The schedule is as follows:

~~Performing Arts Career Day - Saturday 30th September 2023~~
~~Medicine Career Day - Saturday 7th October 2023~~
Midwifery Career Day - Saturday 21st October 2023
Dentistry Career Day - Saturday 28th October 2023
Business Career Day - Sunday 5th November 2023
Psychology Career Day - Saturday 11th November 2023
Architect Career Day - Saturday 18th November 2023
Vet Career Day - Saturday 25th November 2023
Law Career Day - Saturday 2nd December 2023
Computer Science Career Day - Saturday 9th December 2023

Students can visit www.careerdays.co.uk to join a session in their field of interest and will receive a certificate at the end of the day confirming their work experience.

As always, thanks for making your students aware and it would be great if your students aged 13-18 could join in.

Writing a Personal Statement

Personal Statements are a large part in your young person's university application as it allows them to tell admissions teams why they want to study the courses they are applying to and highlight their passion for their subject area. However, it can be daunting knowing where to start and how to format their personal statement.

Take a look at our [online Personal Statement guide](#) to view our top tips and example personal statements to help your young person stand out from the crowd. <https://www.essex.ac.uk/undergraduate/applying-to-essex/personal-statement>

In order to enhance student confidence and address inequalities in academic attainment and exams this year, we have launched a FREE initiative to support schools and students with study skills and exam technique mentoring, alongside the great work that schools are already doing. We have had a number of students and parents express concerns over the recent drop in A-level and GCSE grades alongside potential changes associated with the introduction of new qualifications such as the British baccalaureate.

We invite ALL students from ANY background to take part in a Live Free Virtual Study Skills and Exam Technique Webinar. This is suitable for students in 10-13 year groups studying any subject. If students are unable to attend the webinar live, they can register to receive a recording along with some excellent free handouts describing study techniques that are underpinned by evidence-based-research. We are also happy to distribute free resources tailored to different exam boards to conference attendees to assist with exam technique.

Places will be allocated on a 'first-come-first-served basis', and students can register for free with this conference registration form: <https://airtable.com/appaypcxGI0Xqbp5C/shrHPWt01RPcs3d9g>

Please note, that due to high demand, we anticipate that the form may be overloaded if too many people are completing it at the same time. If this happens, please wait a moment and then try again. We have capacity for over 10,000 free registrations so please do not panic, and there will be further webinars later in the academic year!

Conferences Dates:

Sunday 5th November 11am-1pm UK GMT

Saturday 11th November 11am-1pm UK GMT

Conference Agenda:

Introduction: Unlocking Academic Excellence - The Importance of Study Skills & Exam Techniques

Section 2: The Power of Effective Study Habits

Interactive Session: "Study Styles: Which One Are You?"

Section 3: Memory Boosters for Exam Prep

Section 4: Conquering Exam Anxiety

Section 5: A Day Before the Exam

Section 6: Exam Techniques specific to Exam Boards such as AQA, OCR, EDEXCEL and SQA

During the conference, we will help students identify what style of learner they are, and how to employ memory and study techniques that suit them most. We will explore active recall, spaced repetition, the pomodoro technique and how to make use of the most appropriate revision methods and resources such as mind mapping, flashcards and practice questions.

We look forward to mentoring your students with the hope to build their confidence academically. We will also be offering additional teaching opportunities to students from Widening Access backgrounds following the conference, which are completely free in order to reduce inequalities in academic attainment. This will protect your school budget for other activities. Thank you for passing this along to your students and parents and helping us to make a difference.

Best Wishes

October Half Term Work Experience Events all over the UK, I thought it was best to highlight them all in one email and you can share the relevant links that are appropriate to you. We have them taking places in Reading, Southampton, London, and Manchester and will all be delivered in partnership with global firms. They are all business, tech, STEM, and law focused.

All the events will involve lots of networking, students will be at round tables to take part in workshops and business challenges as well as having the opportunity to hear from senior leaders from industry. As they are in person we do have limited capacity and will be allocating places on a first come first serve basis, all of them are free to attend as well.

October Half Term Events:

London Law Work Experience Event:

- Wednesday 25th October, AM session is 9:30am – 1:30pm PM session is 1:30pm – 5:30pm – Students can apply to either the AM or PM slot
- QEII Centre, Westminster, London
- 40+ International Law Firms including Linklaters, Bird & Bird, CMS, DLA Piper, Allen & Overy + lots more!
- Round table event with legal workshops and panel discussions plus lots of networking at the event

Health Education England has recently completed a discovery report on virtual work experience programmes, which have concluded that these programmes are a valuable adjunct to in-person work experience, especially by preparing students for in-person placements and where in-person experiences are extremely limited. The NHS Allied Healthcare Work Experience successfully invited 12,000 students to participate in the last academic year, making it the largest programme for students who are specifically interested in the following careers:

Nursing
Midwifery
Paramedicine
Physiotherapy
Occupational Therapy
Dietetics
Radiography
Prosthetics and Orthotics
Speech and language therapy
and Pharmacy!

Applications for this programme are now open, and they will be open throughout this academic year, with the **next virtual work experience day taking place on the 5th November**. Please forward these details to your interested students so they can participate in the monthly virtual work experience days. It is suitable for students in year groups 10-13. During the work experience day, students will follow 2 patients from their initial presentation to recovery. Students will observe the healthcare professionals as they interact with the patients and each other. Students will have an opportunity to ask questions and gain knowledge through teaching.

This will help students to make an informed career decision as well as learn about how healthcare professionals work together as part of a multidisciplinary team. Each work experience day is completely different, and students will be able to build on their knowledge of NHS careers as they see different patient cases and healthcare professionals work in a variety of settings, such as hospital and community.

Students will also receive certificates as evidence of having participated in the work experience programme. Those that complete the entire 6-month programme will be awarded with Highly Commended References too. Students can register individually through the website link below. Places are £10 a day to cover administrative costs and run the tech on the day. Schools can also register groups online. We have also provided a poster attached to this email.

You can learn more and your students can register for the programme here: <https://alliedhealthmentor.org/nhs-healthcare-careers-virtual-work-experience/>.

Kind regards,
Work Experience Team
Allied Healthcare Mentor

We are pleased to inform you that registration for the national free UCAS conferences for students interested in becoming doctors has opened. Students will be awarded a certificate of attendance which can be listed on their Medical School UCAS applications for 'activities that support higher education'. The events have marked a valuable turning point for students and are open to students from any school and background in 10-12 year groups. Conference Registration Form: <https://airtable.com/appgXnyzN5ZD9lwk6/shry7MZYtt3MGPjvO>

Take a look at our **Virtual Work Experience programmes** covering a number of different NHS roles!

Our NHS Virtual Work Experience programmes are a great way for students to not only learn about healthcare but also build on their employability skills and boost their CV.

Even if they're not sure that healthcare is for them, there's plenty of experience to be gained in these programmes, such as how to properly write a job or university application to secure their ideal role.

All students who complete the programme will earn a certificate that will look great on their CV or Personal Statement.

Many of our programmes are area exclusive! The link below will allow you or your students to let us know your location. Upon doing so we will send direct you or your students to the right opportunities.

Please share the programmes with your students here.

If you would like to launch Springpod to your students in the new academic year we are happy to introduce Springpod to your students. Just complete this form detailing your contact details, potential dates and times and contact details and we will get back to you to confirm details.

JOHN DEERE IS LOOKING FOR THE TALENT OF TOMORROW

Do you have students who are interested in engineering and would thrive as a John Deere apprentice? We're looking to recruit the next generation of **apprentice technicians** to work across our agriculture, turf and parts business.

A mix of on-the-job, practical learning at one of our dealerships across the UK and Ireland, combined with block-release classroom studies and web-based learning, gives apprentices the opportunity to earn while they learn. Whether your students are into high-tech engineering or sophisticated parts and service support, there's an apprenticeship programme for them.

The John Deere apprenticeship programme has been running for over 30 years:

- Parts Tech Level 2
- Turf Tech Land-Based Service Engineering (LBSE) Technician Level 3
- Ag Tech Land-Based Service Engineering (LBSE) Technician Level 3

Taster lectures aren't just a great way to enhance your students' current studies, they provide an opportunity to demonstrate their interest in a subject when writing their personal statement (our handy [worksheet](#) can help). We offer a wide range of free taster lectures throughout the year, open to group bookings and individual students.

Upcoming sessions include:

- 18 September: French
- 28 September: Maths
- 02 October: Psychology
- 03 October: Creative Writing
- 09 October: Geography
- 19 October: Biology
- 19 October: History
