Take a look at our **Virtual Work Experience programmes** covering a number of different NHS roles!

Our NHS Virtual Work Experience programmes are a great way for students to not only learn about healthcare but also build on their employability skills and boost their CV.

Even if they're not sure that healthcare is for them, there's plenty of experience to be gained in these programmes, such as how to properly write a job or university application to secure their ideal role.

All students who complete the programme will earn a certificate that will look great on their CV or Personal Statement.

Many of our programmes are area exclusive! The link below will allow you or your students to let us know your location. Upon doing so we will send direct you or your students to the right opportunities.

If you would like to launch Springpod to your students in the new academic year we are happy to introduce Springpod to your students. Just complete this form detailing your contact details, potential dates and times and contact details and we will get back to you to confirm details.

Welcome to Springpod | Virtual

Live Virtual NHS Healthcare Careers Work Experience Programme

This programme is suitable for students in year groups 10- Year 13 who are interested in the following careers:

**- Nursing Midwifery
Paramedic Physiotherapy
Occupational Therapy Dietetics
- Radiography Prosthetics and Orthotics
Speech and Language Therapy Pharmacy**

As the UCAS deadline for NHS Health Careers is in January, the sooner students begin work experience, the better. I kindly request your assistance in sharing these details with your students.

Students can register using the link

<https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

Only two Live work experience sessions remain before the UCAS January deadline for all Allied Healthcare university courses. These universities mandate work experience in a caring or service role within health or related fields, including direct observation of healthcare. Acquiring such work experience can be challenging, and there are areas that students may be interested in but cannot explore. That's why our LIVE Virtual Work Experience presents an incredible opportunity for students. Find out more here: <https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

Once they've registered, students will be emailed links to their virtual work experience portals. Please ask students to check their spam folders and mark their attendance on the day in order to receive their Work Experience Certificates.

During the work experience day, students will follow 2 patients from their initial presentation to recovery. They will gain a unique insight into how patients interact with a variety of healthcare professionals and what it's like to work in an NHS multidisciplinary team. Attendees will have the opportunity to interact with healthcare professionals throughout each day. This will empower students to make an informed career decision and demonstrate their commitment to healthcare in their UCAS applications. Students can register individually at any time throughout the 6-month programme using the link below. We recommend booking early to gain as much out of this programme as possible. Places are £10 a session to cover administrative and technological costs.

Please forward these details to your interested students so they can participate in the monthly virtual work experience days: <https://alliedhealthmentor.org/nhs-healthcare-careers-virtual-work-experience/>

Who can apply?

This programme is aimed at those in the later years of full-time secondary, sixth form or college education who are keen to get an introduction to what a career in financial services may be like.

The Work Experience programme is delivered each Summer. Specific details regarding each opportunity are available when you apply.

To be considered for the programme, you will:

Be in full-time education either at secondary school, sixth form or college at the time of the work experience commencing keen and motivated to find out more about HSBC and to be prepared to complete the application process, which will include an online assessment and if successful, a telephone interview.

UK Work Experience Programme

The UK Work Experience Programme is for students looking for a work experience placement with a leading global bank. The programme provides opportunities to gain some hands-on experience, develop your knowledge of banking and financial services, and explore the careers available at HSBC in the UK.

Students should note that this is an unpaid work experience programme.

Aged 18 and under in academic years 9 -13, in full-time secondary, sixth form or college education and considering financial services as a career after school or university. The programme will run hybrid model, 2 days in person & 3 days virtually. For the in-office experience you will be getting hands on experience of what it is like working for HSBC. These placements will be available across different functions of the bank across the UK. You should only submit one application for a location/region that is most convenient for you to travel to and from the placement available. You must be available for one of the two weeks in the summer: Work Experience Weeks, Week commencing 10 July OR Week commencing 7 August. Due to limited vacancies, we would encourage you to submit an application as soon as possible to avoid disappointment.

UK Work Experience Programme

Applications open:	27 January 2023
Applications close:	28 February 2023
Start date:	10th July or 7th August 2023

Applications for **the free National NHS Virtual Work experience**

programme have now opened for 2023-2024! Virtual work experiences have been accepted by the Medical Schools and Dental Schools Council as valuable alternatives to in-person shadowing, backed by the Health Education England Discovery report on the impact of virtual work placements. This programme is brought to you by Birmingham Universities Hospitals Trust in collaboration with Medic Mentor, and it is completely free.

Students can apply for a placement, for free at this link: <https://medicmentor.org/university-hospitals-birmingham-trust-virtual-work-experience/>

Developed in collaboration with Birmingham Universities Hospitals Trust, this carefully curated 6-month medical and 4-month dental programme offers a unique insight into the medical and dental profession. The E-learning format allows students to complete their placements in their own time, whilst being able to book 15 minute 1-2-1 appointments with a doctor or medical student to discuss what they have learnt on their virtual placement (also free). Covering ethics, procedures, wider team roles, and facilitating direct conversations with doctors and dentists, this virtual experience serves as an excellent foundation for your students' future careers. Not only does it enrich their UCAS applications, but it also strategically prepares them for in-person work experience placements.

Taking part in the Virtual Work Experience will provide:

Comprehensive Insights: The programme covers a range of specialities, providing a holistic understanding of medical and dental practices. Each month, a new focus area is introduced, allowing participants to delve into different aspects of the field.

Flexible Participation: Tailored for students from years 10-13/S3-S6/NI10-14, the programme accommodates various schedules by being virtual. Participants have one month to complete each specialty, ensuring flexibility and ease of participation.

Recognised Certification: Upon successful completion of all specialities, students will receive a certificate from Medic Mentor and UHB, validating their active participation to include in their UCAS and apprenticeships applications.

Registering for these programmes is simple—students just need to complete the free online application form: <https://airtable.com/appuQX2ouadvjQUSU/shrroljLczgdg9uLw>

We are eager to welcome your students to our exceptional free work experience programmes and support them in their journey toward a fulfilling career in medicine or dentistry. Kind regards, Nikki Abbott

ARMY
BE THE BEST

A BRAND-NEW FILM TO CELEBRATE 100 YEARS OF ARMY APPRENTICESHIPS

This month, the nation's number 1 apprenticeship employer - the British Army, is celebrating 100 years of offering apprenticeships!

To mark this special occasion, we went along to the Army Foundation College (AFC) in Harrogate and met some incredible Junior Soldiers to find out what life is like at the college and the opportunities available.

AFC Harrogate supports 16 and 17 year olds in learning military skills, fitness and education (including English and Maths) so they're ready for an apprenticeship and successful career in whichever part of the Army suits them best - all whilst earning a good wage and making friends for life.

For young people interested in applying (and those supporting them)

Join our webinar on 7th November at 4pm to find out more about AFC Harrogate and how the college helps 16 – 17 year olds prepare for a career in The British Army.

You'll hear from current/past apprentices on their experiences of Army Foundation College Harrogate and how it has impacted and inspired their career so far.

Discover your potential

Each of our programmes has been designed to help you to kickstart your career, develop your skills and start making an impact. Find out more about the path that could be right for you.

Deloitte's BrightStart Apprenticeship

Participants can earn and learn, gain professional and degree level qualifications, and help solve some of Deloitte's clients' most complex problems, right from the start. From Audit & Assurance to Consulting, Tax Consulting to Technology, they're delivering end-to-end programmes – turning complex challenges into opportunity and re-designing a more connected future. Deloitte have exciting opportunities available across various locations in the UK. Places are filling up fast – anyone interested should visit Deloitte's careers site and apply now.

At Deloitte, Deloitte's early careers programmes are designed to help young people reach their potential and discover what matters to them. They don't need to have it all figured out yet; that's what they're here for.

But by kick-starting their careers as part of Deloitte's global community of experts, they can experience the support they need to develop their skills and start making an impact from day one.

They offer a range of early careers programmes to suit a diverse range of candidates: Deloitte's apprenticeships mean young people can bypass university and earn as they learn, gaining degree-level and professional qualifications as well as on-the-job experience. Deloitte's graduate programmes are more than just a training scheme; they provide graduates with the opportunity to work on challenging client projects right from the start and carve out a career in their global organisation.
