Welcome to Springpod | Virtual Work
Experience | Boost your CV

Take a look at our **Virtual Work Experience programmes** covering a number of different NHS roles!

Our NHS Virtual Work Experience programmes are a great way for students to not only learn about healthcare but also build on their employability skills and boost their CV.

Even if they're not sure that healthcare is for them, there's plenty of experience to be gained in these programmes, such as how to properly write a job or university application to secure their ideal role.

All students who complete the programme will earn a certificate that will look great on their CV or Personal Statement.

Many of our programmes are area exclusive! The link below will allow you or your students to let us know your location. Upon doing so we will send direct you or your students to the right opportunities.

Please share the programmes with your students here.

If you would like to launch Springpod to your students in the new academic year we are happy to introduce Springpod to your students. Just complete this form detailing your contact details, potential dates and times and contact details and we will get back to you to confirm details.

UK Work Experience Programme

Who can apply?

This programme is aimed at those in the later years of full-time secondary, sixth form or college education who are keen to get an introduction to what a career in financial services may be like.

The Work Experience programme is delivered each Summer. Specific details regarding each opportunity are available when you apply.

To be considered for the programme, you will:

Be in full-time education either at secondary school, sixth form or college at the time of the work experience commencing and motivated to find out more about HSBC and to be prepared to complete the application process, which will include an online assessment and if successful, a telephone interview.

The UK Work Experience Programme is for students looking for a work experience placement with a leading global bank. The programme provides opportunities to gain some hands-on experience, develop your knowledge of banking and financial services, and explore the careers available at HSBC in the UK.

Students should note that this is an unpaid work experience programme.

| | |
|--------------------|---|
| For: | Candidates aged 18 or under, in full-time education (years 9-13) and considering a career in financial services |
| Duration: | Five days |
| Areas: | Multiple Business Divisions |
| Start date: | 10th July or 7th August 2023 |
| Location: | UK |

Aged 18 and under in academic years 9 -13, in full-time secondary, sixth form or college education and considering financial services as a career after school or university. The programme will run hybrid model, 2 days in person & 3 days virtually. For the in-office experience you will be getting hands on experience of what it is like working for HSBC. These placements will be available across different functions of the bank across the UK. You should only submit one application for a location/region that is most convenient for you to travel to and from the placement available. You must be available for one of the two weeks in the summer: Work Experience Weeks, Week commencing 10 July OR Week commencing 7 August. Due to limited vacancies, we would encourage you to submit an application as soon as possible to avoid disappointment.

Applications open: 27 January 2023

Applications close: 28 February 2023

Start date: 10th July or 7th August 2023

Only two Live work experience sessions remain before the UCAS January deadline for all Allied Healthcare university courses. These universities mandate work experience in a caring or service role within health or related fields, including direct observation of healthcare. Acquiring such work experience can be challenging, and there are areas that students may be interested in but cannot explore. That's why our LIVE Virtual Work Experience presents an incredible opportunity for students. Find out more here: <https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

This programme is suitable for students in year groups 10- Year 13 who are interested in the following careers:

- Nursing Midwifery
- Paramedicine Physiotherapy
- Occupational Therapy Dietetics
- Radiography Prosthetics and Orthotics
- Speech and Language Therapy Pharmacy

As the UCAS deadline for NHS Health Careers is in January, the sooner students begin work experience, the better. I kindly request your assistance in sharing these details with your students.

Students can register using the link

<https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

Once they've registered, students will be emailed links to their virtual work experience portals. Please ask students to check their spam folders and mark their attendance on the day in order to receive their Work Experience Certificates.

During the work experience day, students will follow 2 patients from their initial presentation to recovery. They will gain a unique insight into how patients interact with a variety of healthcare professionals and what it's like to work in an NHS multidisciplinary team. Attendees will have the opportunity to interact with healthcare professionals throughout each day. This will empower students to make an informed career decision and demonstrate their commitment to healthcare in their UCAS applications. Students can register individually at any time throughout the 6-month programme using the link below. We recommend booking early to gain as much out of this programme as possible. Places are £10 a session to cover administrative and technological costs.

Please forward these details to your interested students so they can participate in the monthly virtual work experience days: <https://alliedhealthmentor.org/nhs-healthcare-careers-virtual-work-experience/>

Applications for **the free National NHS Virtual Work experience programme have now opened for 2023-2024!** Virtual work experiences have been accepted by the Medical Schools and Dental Schools Council as valuable alternatives to in-person shadowing, backed by the Health Education England Discovery report on the impact of virtual work placements. This programme is brought to you by Birmingham Universities Hospitals Trust in collaboration with Medic Mentor, and it is completely free.

Students can apply for a placement, for free at this link: <https://medicmentor.org/university-hospitals-birmingham-trust-virtual-work-experience/>

Developed in collaboration with Birmingham Universities Hospitals Trust, this carefully curated 6-month medical and 4-month dental programme offers a unique insight into the medical and dental profession. The E-learning format allows students to complete their placements in their own time, whilst being able to book 15 minute 1-2-1 appointments with a doctor or medical student to discuss what they have learnt on their virtual placement (also free). Covering ethics, procedures, wider team roles, and facilitating direct conversations with doctors and dentists, this virtual experience serves as an excellent foundation for your students' future careers. Not only does it enrich their UCAS applications, but it also strategically prepares them for in-person work experience placements.

Taking part in the Virtual Work Experience will provide:

Comprehensive Insights: The programme covers a range of specialities, providing a holistic understanding of medical and dental practices. Each month, a new focus area is introduced, allowing participants to delve into different aspects of the field.

Flexible Participation: Tailored for students from years 10-13/S3-S6/NI10-14, the programme accommodates various schedules by being virtual. Participants have one month to complete each specialty, ensuring flexibility and ease of participation.

Recognised Certification: Upon successful completion of all specialities, students will receive a certificate from Medic Mentor and UHB, validating their active participation to include in their UCAS and apprenticeships applications.

Registering for these programmes is simple—students just need to complete the free online application form: <https://airtable.com/appuQX2ouadvjQUSU/shrroljLczgdg9uLw>

We are eager to welcome your students to our exceptional free work experience programmes and support them in their journey toward a fulfilling career in medicine or dentistry. Kind regards,

First Intuition put together a page to help young people decide if a career in accountancy is for them. The page contains two quizzes. One looks at whether the kinds of work they would be doing would appeal to them and the other gives them some simple accounting tasks to do to see if they can grasp them. At the end they get scores telling them how suited they are to our industry.

Students who are debating a career in Accounting industry, Please do take the test. It may just help you take a step further in your own career choices.

Here is the new page with both quizzes on it.

Careers Bulletin

We are a group of doctors passionate about inspiring the next generation of students into Medicine, Nursing, and other Allied Health Professions. We are thrilled to announce that our popular weekly Anatomy Club is back this year.

The **Anatomy Club** is a 3-month after-school programme covering all 12 organ systems. The sessions run for 2 hours weekly, every Tuesday evening, led by two practising doctors. We cover the body systems in a fun and interactive manner by dissecting our virtual anatomy model. We also cover diseases affecting the organ system and try to solve anonymised real-life patient cases together.

The sessions are aimed at any students interested in Science and Healthcare who want to learn something outside of the school curriculum. Our passion is to inspire students to learn about human science in an engaging and affordable manner. The course suits all students aged 13 and above. Certificates will be provided for participation. Below are some further details:

DoctorsLive - Virtual Anatomy Club Weekly (February 2024 to April 2024) - Live Every Tuesday 6pm-8pm

1. Learn about the fascinating workings of the human body from the comfort of your home
2. Cover all 12 organ systems
3. Solve real-life patient cases, including history taking and anonymised scans
4. Live virtual operations - showing step by step how common surgeries are carried out
5. A chance for students to interact with practising surgeons and doctors
6. Each live session is recorded and can be accessed anytime

The entire three-month program, including handouts, recordings and certificates, is priced at **£59 per student**. For more information and to enrol, please visit the link below:

<https://doctorslive.co.uk/anatomyclub/>

I would be very grateful if you would forward our information to any students who you think may be interested. Please note places are limited and are allocated on a first-come, first-served basis.

| LSE Student Life Q&A | Sat 9 March 17:30-18:30 |
| Admissions Session 1 | Tue 5 March 16:00-17:00 |
| Admissions Session 2 | Wed 13 March 16:00-17:00 |

The programme will give participants the chance to attend subject taster events to find out more about studying these subjects at LSE. There will also be the opportunity to hear from an LSE Admissions specialist to gain a better understanding of the higher education application process and the specifics of making an application to LSE.

This opportunity is available to your **students aged 16-17 (in Years 12 or equivalent)**, and we particularly welcome applications from students who meet our **widening participation criteria**. Applications are closing in early February, so encourage your students to apply now.
