Careers Information, Advice and Guidance

Careers Interview request. Ms Kadem, Head of Careers & Work Related Learning.

Why would I want a Careers Interview?

I'm not sure which career path to follow...
Do I stay on at Sixth Form...
What subjects should I take...
What College is best for me...
I have an Apprenticeship opportunity, I need more advice...
I need more help with my application forms...
CV and Cover Letter support...
Higher Education, what's best for me...
University support...
Individual Careers Guidance...

If you are a student at Shenfield High School then you are entitled to a Careers Interview whenever you feel you need one. Request your Careers Interview through your form tutor, with a staff member in the Careers Office C53

or during school closure, email the **Careers Administrator**

Mrs Utton on:

l.utton@Shenfield.essex.sch.uk.

Emma is our very approachable

Impartial Careers Advisor that holds interviews in the Library Office. She looks forward to helping you soon.

Please find a 6min support video, explaining how to get the most out of your careers appointment, should it be of interest.

INSIGHT INTO UNIVERSITY

Thank you to our supporters:

HELP STUDENTS DECIDE WHETHER UNIVERSITY IS THE ROUTE FOR THEM

Insight into University is a comprehensive virtual experience allowing students to explore STEM studies at university and the career opportunities that these subjects lead to. It provides access to information on student life, STEM projects and activities set by leading UK universities and global STEM companies, first year undergraduate lectures, live interactive sessions with academics, admissions tutors, employers and current students.

Whether young people are interested in life sciences, chemistry, biomedical, forensic science, robotics, food science, electronics, engineering, physics, computer science, sustainability, materials science, aerospace, built environment, tech or maths, we have something for them. With specially developed content and live sessions from universities including University of **Cambridge, Sheffield, Lancaster, Abertay, UCL, Oxford, Liverpool, Plymouth, Edinburgh, Birmingham, Warwick, Kingston, Nottingham, Strathclyde**. We will also have some fantastic workshops and careers guidance from organisations such as Innovate UK, GSK, GE, Tech Partnership, Rolls Royce and more.

The unique feature of this course is that students are able to access content from a diverse range of STEM subjects and will be able to tailor a course that suits their interest.

On successful completion of the course, which involves 30 hrs of study, students will receive a Silver Industrial Cadets award and be in a position to make a more informed decision for their UCAS application.

INSIGHT INTO UNIVERSITY

When is it?

The experience will run from **1st July until 23rd August 2024** and can be completed flexibly to fit around other commitments and study at a pace that suits individual circumstances.

Who is it for?

The experience is open to all students age 16+ and is suitable for all abilities, with activities that cover different levels of advanced study.

All students need is a genuine interest in STEM and inquisitiveness about what the future can hold for them and how they can help get themselves there.

How to apply?

Applications open on 4th March 2024. Visit our website <https://www.etrust.org.uk/insight-into-university> or scan the QR code to register your interest!

Cost: £95

Fully funded places are available if cost is a barrier, please indicate your interest on the application form

What our students say

"I've absolutely loved every minute of this course. I found the live sessions in particular very inspiring and informative, and all of the taster lectures were both accessible and challenging. I'm really excited to continue with my STEM studies."

"This course absolutely helped me with my future education and career path. The way I was able to choose which activities or lectures I wanted to complete was undeniably useful as it meant I could tailor a course to suit me. This was a thoroughly enjoyable experience."

"I really enjoyed the course and feel much more confident in applying to university having done it. The live sessions were very interesting and I was blown away by the wide range of choice of sessions."

92%

of students felt that the skills and knowledge that they gained from the course will have a positive impact on their future studies and career.

86%

of students felt confident or very confident in making their future study and career choices after completing the virtual experience.

MEDIC MENTOR

Our goal of the week is to provide your students with a variety of insights and knowledge to confidently choose and explore career paths in alignment with their passions, values, and aspirations.

Oxford Brookes Summer Schools—Free! Y12!

Oxford Brookes University is now accepting applications to the 2024 Summer Schools Programme, from students who are in their first year of college or year 12, who are interested in learning more about their higher education options and studying at Oxford Brookes.

This free residential programme is ideal for any students from groups currently underrepresented in Higher Education, who are considering university as their next step and want to find out more about a specific subject area, what it's like to be a university student, and who are interested in visiting the city of Oxford (Learn more: brookes.ac.uk/outreach/post-16/summer-schools/).

If you think that there are students in your school or college who will benefit from the programme, please pass on the enclosed photocopyable letter and flyer to them, or direct them to the website to learn more and apply for a place. We are also available to run a virtual information session or assembly with your students if you wish. If your school would like an information session please send a request to brookes.summerschools@brookes.ac.uk.

How do I find out more?

Visit the [summer school website](#) to read all about each summer school and complete the online application. **Students can also register for the information webinar that will be taking place on Wednesday 28th February 6-7pm.** The webinar is open to students and parents / carers to attend.

How do I apply:

Complete [an application form](#) by 9am 15th April 2024.

Please do get in touch with the team at brookes.summerschools@brookes.ac.uk if you have any questions.

All the best,

Alice Jones,

Access Projects Manager

Directorate of Marketing, Recruitment and Engagement,

Oxford Brookes University

Oxford Brookes Summer Schools 2024

Applications now open!

About the Oxford Brookes Summer Schools

The Oxford Brookes Summer Schools will give you the opportunity to discover what being a university student is all about, and delve into a subject area of your choice. Don't worry if you're not sure whether university is for you - summer schools provide the perfect opportunity to help you decide. The cost of the summer school is absolutely free with all travel, meals and accommodation provided, free of charge.

Why attend Summer School?

Attending Oxford Brookes Summer School is your chance to:

- Experience student life and live in a student flat at the university.
- Engage in lots of subject content designed by university academics.
- Explore Oxford and take part in lots of social activities every day.
- Get plenty of information, advice, and guidance about applying for university and your future career.
- Learn all about university from current Brookes students.

Who's it for?

Year 12 or first year sixth form or college students (aged between 16 or 17), from groups which are currently under-represented in HE. Full eligibility criteria is on the website.

Opened up for Year 12 & Y13

Interested in studying medicine?

Premed Projects are offering another exciting range of projects for your students that are looking to apply for university courses in medicine. We are running special 1 day, weekend, 1-week and 2 week projects in The UK during the February Half Term holidays and in July and August too, designed for students aged 14-17 from all over the UK to take part in.

The courses are attended by students from all over the UK and the medicine work experience projects are designed to combine learning about life as a doctor with an unforgettable travel experience too for students.

Students should simply select the dates that suit them best:

1 & 2 week Projects Summer 2024

Students will spend time **shadowing highly skilled doctors** in their day-to-day work on a fully-supervised hospital placement. Students will also have the benefit of clinical teaching, safe and secure accommodation, food, transfers, local orientations, 24/7 support from our staff teams and lots of help with preparations for their trip too.

30th June - 13th July 2024

14th July - 20th July 2024

21st July - 3rd August 2024

4th August - 10th August 2024

11th August - 17th August 2024

Premed Projects welcomes **6,000 students** every year on our projects and students can find more information on our website www.premedprojects.co.uk where students can read all about the projects and find out any further information as well as being able to confirm their places on the projects via the website too.

Do let us know if you have any questions and it would be great if you could let your students who may be considering careers in medicine know about the courses.

Careers Bulletin

Only two Live work experience sessions remain before the UCAS January deadline for all Allied Healthcare university courses. These universities mandate work experience in a caring or service role within health or related fields, including direct observation of healthcare. Acquiring such work experience can be challenging, and there are areas that students may be interested in but cannot explore. That's why our LIVE Virtual Work Experience presents an incredible opportunity for students. Find out more here: <https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

This programme is suitable for students in year groups 10- Year 13 who are interested in the following careers:

- Nursing Midwifery
- Paramedicine Physiotherapy
- Occupational Therapy Dietetics
- Radiography Prosthetics and Orthotics
- Speech and Language Therapy Pharmacy

As the UCAS deadline for NHS Health Careers is in January, the sooner students begin work experience, the better. I kindly request your assistance in sharing these details with your students.

Students can register using the link

<https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

Once they've registered, students will be emailed links to their virtual work experience portals. Please ask students to check their spam folders and mark their attendance on the day in order to receive their Work Experience Certificates.

During the work experience day, students will follow 2 patients from their initial presentation to recovery. They will gain a unique insight into how patients interact with a variety of healthcare professionals and what it's like to work in an NHS multidisciplinary team. Attendees will have the opportunity to interact with healthcare professionals throughout each day. This will empower students to make an informed career decision and demonstrate their commitment to healthcare in their UCAS applications. Students can register individually at any time throughout the 6-month programme using the link below. We recommend booking early to gain as much out of this programme as possible. Places are £10 a session to cover administrative and technological costs.

Please forward these details to your interested students so they can participate in the monthly virtual work experience days: <https://alliedhealthmentor.org/nhs-healthcare-careers-virtual-work-experience/>

kindest Regards, Nikki Abbott Head of Education

Marsh McLennan Insurance London are now recruiting for their July 2024 work experience programme, which is targeted at Year 12 and Year 13 students .

Those who perform well during the placement will be fast tracked” to the Assessment Centre should they apply for the apprenticeship programme in Summer2025.

Marketing Assistant – Chelmsford

We are looking for a driven individual, passionate about starting a career in marketing, to join our Chelmsford marketing team. The right candidate will be eager to learn, enthusiastic about marketing, and possess excellent written and verbal communication skills. This role will provide you with a broad range of experiences in a variety of marketing tasks.

You will also be supported by your line manager at work and be provided with lots of on-the-job experience.

Main responsibilities:

- Student communication via our customer relationship management (CRM) system (newsletters, exam e-mails, events and promotions)
- External student communication (e.g. postal marketing)
- Website updates and maintenance
- Helping manage our social media channels, planning, posting content and engaging with our online communities.
- Helping to organise our podcast recordings, editing each episode and publishing it.
- Help organise student events – setting up campaigns, promotion, bookings, help with arrangements and follow up.
- Planning and producing additional marketing material such as flyers, brochures, videos and magazines.
- Blog articles – planning, sourcing content, production, SEO and promotion
- Management of CRM data (ensuring compliance and accurate tagging)
- School liaison and events (Accountancy Summer School)
- Promotional material – specifying and ordering (pens, bags, and ad hoc items)
- Design banners/social media images
- Help us apply for industry awards – compiling nominations and entries
- Attend marketing meetings and take minutes.

Skills and Experience:

Full training and support will be provided in this role and so no previous experience in marketing is required. It would be great if the successful applicant demonstrates:

- Passion for marketing and really wants a career in this sector
- Enthusiasm for learning, wanting to ask questions and get involved – bright and inquisitive with a hunger for learning
- Interested in and familiar with social media (Facebook, Instagram, LinkedIn, Tik Tok, YouTube, etc.) management.
- The desire to work independently and take responsibility
- Effective time management and communication skills both verbal and written
- Impeccable spelling, grammar and use of the English language
- Strong creative skills with a keen eye for detail
- Happy to take feedback well and act on guidance given
- Self-motivated and highly organised with a high work ethic.
-

Desired qualifications:

5 GCSE's, grades A*-C/9-4 or equivalent (including English Language and Maths).

Pfizer Apprenticeship Program

Who Are Pfizer?

At Pfizer, we apply science and our global resources to bring therapies to people that extend and significantly improve their lives. We strive to set the standard for quality, safety and value in the discovery, development and manufacture of health care products, including innovative medicines and vaccines. Every day, Pfizer colleagues work across developed and emerging markets to advance wellness, prevention, treatments and cures that challenge the most feared diseases of our time. Consistent with our responsibility as one of the world's premier innovative biopharmaceutical companies, we collaborate with health care providers, governments and local communities to support and expand access to reliable, affordable health care around the world. For more than 170 years, we have worked to make a difference for all who rely on us. In the UK, Pfizer has its business headquarters in Surrey and is a major supplier of medicines to the NHS.

[Pfizer | Explore - UK \(explorecareers.co.uk\)](https://www.pfizer.co.uk/explore)

Pfizer Apprenticeship Program

Pfizer is proud to support the National Apprenticeship Programme.

Having an apprenticeship at Pfizer means doing work that helps millions of people across the world benefit from life-changing treatment. It means working for a company that believes in equity, excellence and protecting your work-life balance. And it means working with colleagues who take your ideas seriously and support your learning and development.

Why we think apprenticeships are so important

You're the future. Your ambition, talents, ideas and unique way of looking at the world will help us drive innovation in every part of our business.

We need people with a hugely diverse range of talents.

Our apprenticeship scheme, run in partnership with Cogent Skills, offers the best of both worlds. You'll work with world-leaders in your field, from researchers to business gurus. You'll study towards a nationally recognised academic or professional qualification. And, you'll be earning a highly competitive salary.

If you want an apprenticeship that matters, you'll find it at Pfizer.

Sanctuary Graduates

Ministry of Defence Apprenticeship Scheme Sept 2024

We are currently working with Ministry of Defence on their apprenticeship schemes for September 2024. I wanted to get in touch as I believe these would be fantastic opportunities for your students at Shenfield High School.

Please see a brief summary below on the apprenticeship opportunities available including the links to view the full job opportunities and apply. Would you be able to circulate these links with your current students that you think would be interested in studying for a future career in Science and Engineering?

Level 3 Waterfront Engineering Advanced Apprenticeship - <https://link.sanctuarygraduates.co.uk/BxD>

The SDA is looking for talented, motivated, and creative potential engineers to join their Level 3 Waterfront Engineering Apprenticeship Scheme and become Engineers of the future. This 3 year scheme is open to anyone over the age of 16 years at the start of the apprenticeship in September 2024 and the salary is £22,240 for this role.

Level 6 Nuclear Engineering Degree Apprenticeship - <https://link.sanctuarygraduates.co.uk/Wg3Y>

During this four-year programme, successful applicants will undertake a comprehensive program of study associated with the Nuclear Scientist and Nuclear Engineer standard ST0289 while earning a salary of £25,270 per annum. Year 1 of the scheme will be full time in college, based in the National College for Nuclear. During year 2, 3, and 4 students will have the opportunity to carry out a number of work-based technical placements and defence specific nuclear training.

Due to the secure nature of these positions, posts will be reserved for UK Nationals only and may require students to obtain Developed Vetting clearance once in post.

Sanctuary Graduates always support candidates through the process to ensure they are putting their best quality application forward. The link I provided above is a unique link so that we can see the students that apply as a result of this and offer any support.

The deadline for students to apply is the **12th March 2024**, so please email me back and let me know if you think you are able to share this opportunity or if you have any questions.

ONE YEAR ON

ONE YEAR ON with Robert Halfon MP Minister of State (Apprenticeships)

In this special episode we caught up with **Skills and Apprenticeships Minister**, Robert Halfon to find out what progress has been made in widening opportunities for everyone in the apprenticeships world, and what we can expect in the next few months.

Tune in now on all the usual channels, or by hitting the button below!

[The Parent Perspective Podcast - Amazing Apprenticeships](#)

Exciting news – EarlyCareers.co.uk has officially launched. As the UK's largest platform for apprenticeships, graduate roles, internships, and trainee positions, we offer your students valuable opportunities.

To streamline access to opportunities in the East of England, we've created a dedicated page covering:

- Bedford
- Basildon
- Cambridge
- Chelmsford
- Colchester
- Ipswich
- Luton
- Norwich
- Peterborough
- Southend-on-Sea

Access your regional page here: <https://earlycareers.co.uk/eastern/>

Empower your students with our map search feature, enabling seamless navigation through numerous local opportunities. They can register for updates, set up alerts, and save jobs. We've also introduced a distinctive brain logo, symbolising active support for neurodiverse candidates. Please spread the word to ensure your colleagues and students maximise every opportunity in the region.

London Med Schools Summer Programme

London Med Schools Summer Programme

The programme gives students living outside of London an opportunity to find out what it is like studying medicine at four of London's medical schools (King's College London, Queen Mary University of London, St George's University of London, and University College London).

that applications for the free **online** London Med Schools Summer Programme 2024 are now open. This programme is for **Year 12** students living in England (outside of Greater London), who have only attended non-selective state schools since age 11 and are currently studying A-level biology and chemistry. For more details on student eligibility, you can [visit our website](#) or [access the application form here](#).

Funded by Health Education England, the London Med Schools Summer Programme brings together four of London's medical schools (King's College London, Queen Mary University of London, St George's University of London, and University College London) to give 75 Year 12 students from across England an opportunity to find out what it is like to study medicine in London.

Working with patients and student ambassadors, participants will gain a greater understanding of the realities of being a doctor and the skills needed to succeed.

The main summer school programme takes place from Monday 15th July to Friday 19th July on Zoom. There will also be additional events delivered in conjunction with the summer school which are detailed on the website and application form.

For more information and to apply, [students should follow this link](#). Students can also access the application form using the following QR code:

Queen Mary London University

The deadline to apply is **9am on Friday 19th April 2024**.

This programme is part of a series of events run with the **Medical and Dental Schools Council**. Please see [here](#) for a [full list of the programmes available](#) across England.

If you have any questions about the London Med Summer School programme, please feel free to reply to this email.

Best wishes,

The London Medicine Summer School Team

MEDICINE OPEN DAY

DISCOVER MEDICINE AT LINCOLN

Join Our Medicine Open Day

We're holding our next Medicine Open Day on **Saturday 27 April 2024**, from 10am until 2.30pm. This event is designed for students interested in studying Medicine at Lincoln Medical School in September 2025.

You'll have the opportunity to visit our beautiful Brayford Pool Campus, find out more about the BMBS Medicine programme, and take part in a range of exciting interactive activities throughout the day.

You can also speak with staff and students about their experiences of studying at Lincoln, get involved with a live student panel Q&A session, explore the purpose-built Ross Lucas Medical Sciences Building, and take a tour of our modern, on-campus accommodation.

Open Days - how to make the most of your visit

Open days are a great way to experience what life could be like as a student. You'll tour the campus, accommodation and facilities and learn more about your course through subject taster sessions. You'll meet staff and current students to hear about their experiences at the university. It's an invaluable way to get a feel for whether somewhere is the right fit for you.

To make the most of your visit, we recommend planning ahead. Here are some things to think about before your open day:

- Sign up in advance
- Find out where the stand is for your subject and when any talks are taking place - think about what questions you have
- Take a campus tour and make sure you visit the accommodation
- Visit the Students' Union - pick up free stuff!
- Visit stands on things like finance and study abroad. Make the most of the opportunity to ask questions

Talk to student ambassadors, ask questions, find out what they like about being at the University.

Book your place for **our next Open Day April 27**

Upcoming Open Days

Our Open Days are great opportunities to take a campus tour, meet our academics and students, get involved in subject workshops and explore the local area. Come and find out what it's really like to be a student at London South Bank University!

Croydon Campus

Saturday 9 March 2024

10:00am - 2:00pm

Southwark Campus

Saturday 23 March 2024

11:00am - 3:00pm

Edge Hill University

Subject Taster Days

We are pleased to announce our Spring series of Subject Taster Days, taking place across March and April. These popular events will give your Year 12/first year college students the chance to take part in interactive taster sessions, see our state-of-the-art facilities, speak to current students and staff and receive general higher education advice and information.

For further information and booking details, [visit our website](#).

We are currently confirming dates across the university for our summer Taster Days and will keep you updated via these newsletters for new dates and when schools can book their places. Our website also allows you to give us your details so we can keep you informed about these dates

Offer Holder Days

We hold offer holder days each year to give students the chance to come and see us on campus after they've received an offer to study with us.

Join our upcoming OPEN DAY

Want to make a name for yourself in the exciting world of fashion design? Discover your path to a vibrant career and unlock your creative potential at our Open Day!

During the Open Day, you'll have the opportunity to connect with like-minded individuals and expand your network within the fashion industry. Participate in interactive sessions, and gain valuable insights from industry leaders. This immersive experience will provide you with a deeper understanding of the global fashion landscape and the tools you need to succeed.

BOOK HERE →

Open Days

We are happy to announce our 2024 open day dates are open for bookings. Get right to the heart of what matters to you at an Edge Hill University open day. See our campus. Meet our students. Get the answers to your questions. And discover why every student feels like they're in the right place.

Visits to campus are very popular in the summer, and we are unable to accommodate all requests. In response to this, we have added a Friday open day for schools and colleges to bring students to visit. It is 10am-3pm and the day will include subject talks, a student life fair, application advice, talks on finance and accommodation and the opportunity to tour our campus and accommodation. We will be able to reimburse you for your transport to campus. We expect this event to be popular so would recommend you contact us soon to book. To find out more and book onto the school and colleges open day, **visit our website.**

2024 Open day dates:

- Friday 5th July 2024 (*Schools and colleges*)
- Saturday 6th July 2024
- Saturday 17th August 2024
- Saturday 12th October 2024
- Saturday 2nd November 2024
- Saturday 23rd November 2024

BISHOP
GROSSETESTE
UNIVERSITY

Come to an Open Day!

Open Days Lites are a great way to experience BGU first hand,
and we have three running in February and March.

Students can find out more about the university, go
on campus and accommodation tours, and attend student life talks and
drop-in sessions with our **Professional Support and Academic Teams**.

Students are welcome to attend as a school or college group,
on their own, or with family and friends.

Booking for Open Day Lites is open now for groups and students.

If your students have an offer to study from us then they can book onto an
Offer Holder Day and have a subject taster session to experience their course

[Events - What's on at BGU | Bishop Grosseteste University](#)

UNIVERSITY OF PORTSMOUTH

We realise that it's not always easy to get to an Open Day. But YOU can still get a feel for life on campus without leaving home using our **Virtual Experience** portal.

[Virtual Experience | University of Portsmouth](#)

OPEN DAYS

Open Days are the best way to explore our campus, discover more about our courses and chat to lecturers and students about what it's like to study and live at UEA:

- **Saturday 21 October 2023**
- **Saturday 18 November 2023**
- **Saturday 6 July 2024**
- **Saturday 7 September 2024**
