- NHS Virtual Work Experience Webinars/Live Talks
- Baker Labels Apprenticeship Open Day
- Colchester University – Degree Open Eve

Lower Thames Crossing apprenticeships:

Balfour Beatty are looking to recruit their first cohort of local apprentices from Thurrock, Brentwood or Havering for the Lower Thames Crossing project this September.

They have partnered with South Essex College to deliver a level 3 business administration apprenticeship. Throughout the apprenticeship the apprentices will spend time in various key teams and functions to learn exactly how major infrastructure projects are delivered. On completion of the apprenticeship, the apprentices will have options to develop their career with Balfour, including further education or permanent employment.

Throughout June they will be promoting the roles via three learn live broadcasts that will provide an overview of Balfour Beatty, the Lower Thames Crossing project, the role, the training elements and how to apply. Watch episode 1 live on Tuesday 13th June 10:00 am-10:30am, or view later on demand. See it here <https://careersliveuk.com/partner/balfour-beatty-careers/>

The closing date for the apprenticeships is 07/07/23, find more information and apply here <https://www.findapprenticeship.service.gov.uk/apprenticeship/1000168625>

BDO - Virtual August Programme

Here at BDO, we're the 5th largest international accountancy and business advisory firm, providing the advice and solutions businesses need to navigate the ever-changing world of financial services, and one of our key focuses is our Early in Careers recruitment, particularly School Leavers. We run a virtual programme every year called Explore BDO which is aimed at Year 11 - 13 students who meet our social mobility criteria.

Explore BDO is a virtual programme that we are running this year from **1st - 3rd August** and is a fantastic opportunity for your students to find out more about the world of accounting, provide valuable work experience and fast-tracking them to a School Leaver role with us.

You can read more about our Explore BDO programme here as well as how to apply: <https://careers.bdo.co.uk/job/london/explore-bdo-insight-programme-2023/37806/11937816256>

Allied HealthCare Virtual Work Experience. We are delighted to announce the upcoming Allied Healthcare Virtual Work Experience session, scheduled for Sunday, 2nd July. As an educator, we wanted to personally reach out to you and inform you of this exceptional opportunity for your students to gain valuable insights into the world of healthcare.

Registration Link: <https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

The Allied Healthcare Virtual Work Experience offers students the chance to immerse themselves in the journey of two patients, observing their progress from initial presentation to recovery. Throughout the day, students will witness first-hand the collaborative efforts of various healthcare professionals within the NHS interdisciplinary team. That includes:

- Nursing
- Midwifery
- Paramedicine
- Physiotherapy
- Occupational Therapy
- Dietetics
- Radiography
- Prosthetics and Orthotics
- Speech and Language Therapy
- Pharmacy

By participating in this work experience, students will be able to interact with healthcare professionals, ask questions, and deepen their understanding of the roles and responsibilities within different healthcare specialities. It is a unique opportunity for them to make informed decisions about their future careers and gain valuable experience to support their university applications.

To ensure your students secure their place early, we encourage you to share the registration link below:

Registration Link: <https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

The work experience session will take place virtually on Sunday, 2nd July. Students who enrol in the program will receive a Work Experience Certificate upon completion of the session. Those who participate in the full 5-month program will be awarded a Highly Commended Reference from the Presidents of Allied Healthcare Mentor, adding significant value to their CVs and university applications.

Please feel free to distribute this information among your students and guide them towards this incredible opportunity. We believe that by participating in the Allied Healthcare Virtual Work Experience, they will gain invaluable insights into the healthcare field and develop a deeper appreciation for the roles and responsibilities of healthcare professionals.

Thank you for your commitment to your students' future success.

Kindest Regards,
Work Experience Team
Allied Healthcare Mentor

Places for international students in UK dental schools are very competitive.

Good quality work experience is a vital part of a successful application, especially if it is both observational and practical.

Then check out the **Medic Mind Dentistry Work Experience!**

This full week of application help will include targeted exam support, hands-on experience in a hospital setting and interview help, led by a team of real dentists and application experts.

You will get:

- **real insights into a dental career**, with thought-provoking prompts.
- a motivating, supportive **group learning environment**.
- **learn from real dentists**, and learn real life skills ahead of your course.
- help with your **UCAT, Personal Statement and interviews**.
- **stay in central London** and meet other dental applicants!

The graphic features a teal background with a dental chair and equipment. In the top left, there is a circular icon containing a white silhouette of a head with a tooth inside. The main title 'Dentistry Work Experience' is written in a large, white, sans-serif font. Below the title, the text 'Boost your chances of a dental school place with our 5 day practical course in Central London' is displayed in a smaller white font. In the bottom right corner, there is a white square containing a QR code. A white arrow points from the text 'Sign up here!' written in a cursive font towards the QR code.

Young Professionals Work Experience Festival.

We understand how hard it is to gain such valuable opportunities, especially those that are in-person in the competitive industries of Business, Law, Technology Finance, Accounting and Professional Services... That's why we've decided to organise our biggest (ever!) **Young Professionals Work Experience Festival**. You are hereby invited to join us for the greatest summer student event of the year, taking place on **Thursday 20th July in Central London, from 1pm - 5pm**. Set to take place at the Queen Elizabeth II (QEII) Conference Centre in Westminster, this iconic venue is right next to the Houses of Parliament and in easy reach of public transport links. Not only will this be the largest student Careers Festival the capital has ever seen, but we will also be bringing together some of the world's most prestigious employers for this event. You must have heard of the banking GIANTS, Goldman Sachs? Or maybe 'the Big 4' accountancy and professional services firm PwC. And hold on to your seats because we have a surprise guest - the Managing Director of Strategy & Operations at Google! They will be there not just for networking but also to deliver a keynote talk at the event.

But of course, we have many, many more HUGE employers that will also be ready to meet and greet you at our Summer Festival. Keep a close eye on our social media for more exciting line-up announcements as we get nearer to the event!

Never will you have received an opportunity like this, so come along and join us to network and meet the employees of some of the world's biggest firms. Last year we had hundreds of students being offered in-person work-experience / placements straight off the back of the incredible networking they gained at our event!

Key Event Details:

- In-person **Young Professionals Careers Festival** on **Thursday 20th July** from **1pm - 5pm**
- Location: Queen Elizabeth II (QEII) Conference Centre in Westminster, London
- Keynote talks, networking, and workshop sessions with global brands and FTSE100 firms
- Exciting high-profile special guest speakers
- Goodie bags and prizes available on the day!
- Tickets will be allocated on a first come, first served basis until we reach capacity
- Certificate of attendance for your portfolio and CV
- Suitable for any student in Y10 – Y13 and University Students interested in gaining an insight into careers in Business, Finance, Accounting, Professional Services, Law & STEM (there will be networking zones and specific talks for each of the industry sectors)

We are expecting the Young Professionals Festival to sell out very quickly due to an incredibly high demand following the success of last year's event. With this in mind, there will be a £16 commitment fee for this event to secure your space and avoid large numbers of dropouts on the day as this sadly leads to students missing out as a consequence, we hope you can understand.

Click here to purchase your Young Professionals Careers Festival ticket now: <https://www.surveymonkey.co.uk/r/YP-WEX-London>

Please note, we are expecting to sell out quickly for this event due to the rarity of such a huge in-person opportunity becoming available. So, if you have any friends or family who would also like to attend, please share this opportunity with them. Tickets will not be available on the door.

Virtual Careers in Technology – International Woman’s Day Evening Event

We have an incredible opportunity lined up for you that we can't wait to share...If you are interested in embarking on a career in technology, you won't want to miss this!

In collaboration with The Spectris Foundation, Spectris Plc, and Techgirlz, we would love to invite you to our International Women's Day celebration. Join us for an empowering evening and the opportunity to network with some of the most successful women in the industry on Tuesday 20th June, from 5:00pm-7:30pm. This online event promises to be a technology-focused extravaganza!

This will be a unique chance for you to delve into the world of technology and engineering. Gain invaluable insights from industry experts during our mini keynote talks that will cover a range of captivating subjects. You will also have the opportunity to participate in interactive real-time workshops designed to ignite your passion for technology and innovation. Ever wondered how an app is made? It will be your turn to think like a researcher, designer, and developer!

Later on in the evening, the panel discussions will feature influential senior leaders who will provide invaluable perspectives on the future of engineering, emerging trends in technology, and the importance of diversity and inclusion in this ever-evolving field. Prepare to be inspired by their knowledge, stories, and advice as they guide you on your own journey!

This online event is an excellent opportunity to expand your horizons, gain practical insights, and connect with like-minded individuals who share your passion for technology and engineering. It's a chance for us to celebrate International Women in Engineering Day together and foster a supportive community that empowers all aspiring engineers.

Don't miss out on this incredible opportunity to be part of a technology-focused celebration of International Women in Engineering Day. Get ready to unlock your potential, explore new ideas, and shape the future of engineering!

MEDICAL WORK EXPERIENCE - Geriatric Care

I hope I can lift the burden a little for you and your students by directing them towards our FREE VIRTUAL work experience sessions for aspiring doctors, dentists, and vets. A record of work experience is crucial for acceptance into clinical courses, and these sessions are here to reduce barriers to access.

A new work experience session is released every month, and students receive a work experience certificate once they complete the course to add to their UCAS applications. To access these sessions, students just need to create a free student portal if they have not done so already.

Free registration link: <https://wexlibrary.yourmedicfamily.org/courses/medic-mentor-work-experience-palliative-care/>

Aspiring doctors will learn about the unique qualities and skills required to look after frail, older people who can present with atypical symptoms, such as confusion, and often have multiple comorbidities.

Students will join a medical team assessing a patient with new onset limb weakness and speech disturbance and observe the essential role of the multidisciplinary team in managing these complex health issues. They will also hear from geriatric care experts to understand how we can improve healthcare when people near the end of their lives.

DENTAL WORK EXPERIENCE - New Patients

Free registration link: <https://wexlibrary.yourmedicfamily.org/courses/dental-mentor-work-experience/>

Aspiring dentists will be introduced to the team at Dental Mentor Smiles and observe a range of both child and adult patient consultations. This includes a possible oral cancer diagnosis, aesthetic solutions and child safeguarding concerns. There will be debriefing sessions for each of the cases.

VET WORK EXPERIENCE - Surgery

Free registration link: <https://wexlibrary.yourmedicfamily.org/courses/vet-mentor-virtual-work-experience-surgery/>

Aspiring vets are welcomed into the world of small animal surgery! Chief Vet mentors will demonstrate how vets prepare owners for their pet's surgery and administer anaesthesia and routine surgery.

Thank you for highlighting these valuable free opportunities to your students. They have the entire month to complete the session, so I strongly encourage them to take a little bit of time each day before the next free session is released in July.

Consider this welcome break from revision that continues to contribute to a winning medical, dental, or veterinary application!

Kindest Regards,

Nikki Abbott
Head of Medic Mentor Education

KPMG Apprenticeship programmes

At KPMG, we're seeking fresh talent to join us in **Audit, Consulting, KPMG Business Services and Tax & Law**. But we'll need your help to spread the word, as your guidance can help make a difference.

In our nationwide apprenticeships, candidates will have the opportunity to be empowered and make a positive difference to the businesses and communities we serve.

We'll offer them training and qualifications – including degrees and work experience that gives them the opportunity to grow in their own way and gain skills that will last them a lifetime. Our supportive community consists of inspiring and innovative colleagues, and working alongside them is rewarding in ways that go far beyond our competitive salary and broad range of employee benefits.

Guide the next generation towards a career at KPMG, and we'll give them the support to grow, thrive and start making a meaningful difference.

Apprenticeship Open Day

Friday 14th July

10am - 12:30pm

Includes:

- Presentation on working in the Printing Industry
- Tour around the facility
- Speed interviews with management

Email clare.coles@bakerlabels.co.uk to sign up

Apprenticeship places available at Bakers

We are the UK's leading trade label printer. We also print flexible packaging, Athlete ID for sports events and sell label material.

Based in Brentwood
4 divisions
100+ employees
2021 Brentwood Employer of the year

Visit our website to learn more about Bakers

We are planning on holding an Open Day at Baker Labels (Brentwood) in the month of July to attract some potential apprentices for three positions we will be creating (Business Administrator, Post Press Technician and Print Technician). Are you able to share the attached with some of your pupils who you think might suit these roles. We are hoping that some of your students who are not going to University and considering an apprenticeship may want to consider a career in the print industry.

The date of 14th of July is still to be confirmed, and if we have a lot of interest, we will have two or three open days but will confirm that nearer the time.

If you have any questions, please feel free to contact Clare Coles (HR Manager) who will be more than happy to help.

Degree Open Event!

Our University Centre Colchester Open Event takes place next week on Thursday 15th June!

We wanted to remind you that we're still available for any students who are undecided on their next steps for September or are considering different options. We believe that exploring all options enables students to make an informed decision and help them on their way to future career success.

Unlike mainstream Universities, we offer smaller teaching groups taught by professional tutors, many of whom are still working within industry.

By studying locally students have the option to live at home, reducing living costs that come from moving away. Additionally, our tuition fees are set at an affordable level that's lower than most Universities!

Thank you for sharing details of our event with your students.

By registering in advance, students can secure their spot and receive any additional updates or important information regarding the event.

University Centre Colchester Degree Open Event
